Date: November 7, 2008
To: Charles Marino
Executive Vice President & Chief Actuary
Subject: NAIC Life Insurance Illustrations Model Regulation -
Illustration Actuary and Responsible Officer Certifications

In December of 1995, the National Association of Insurance Commissioners adopted the Life Insurance Illustrations Model Regulation (The "Regulation"), which applies to non-variable life insurance products.

The Regulation requires that an illustration actuary certify annually to the Board of Directors and to the insurance commissioners in states where the Regulation has been adopted that the disciplined current scale used in company authorized illustrations is in conformity with the Actuarial Standard of Practice No. 24 and that the illustrated scales used in insurer authorized illustrations meet the requirements of the Regulation. The Board of MONY Life Insurance Company as well as the Board of MONY Life Insurance Company of America has appointed the undersigned as the illustration actuary.

I believe that we are in compliance with the Regulation as stated in the attached illustration actuary certification. Accordingly, please submit the attached certification to the Board of Directors.
